2012

The screenshot shows a web-based user management console. At the top, there is a navigation bar with 'Console' and 'Show' buttons. Below this is a 'User Admin' section. On the left, a 'Users' tab is active, showing a search bar with 'Object Type = "User", Domain = "Microsoft.com", N...' and a 'Go!' button. Below the search bar is a table with columns 'Name', 'Login Name', and 'Type'. The first row shows 'Kim Majors'. To the right of the table is a 'Tasks' panel with buttons for 'New', 'Properties', 'Compare Properties', 'Add Member to...', 'Reset Password', 'Audit User', and 'Check Status'. Below the table, a message 'Search is Complete' is displayed. At the bottom, there is a 'Reset Password - Kim Majors' section with 'Password:' and 'Confirm Password:' input fields, and a checkbox labeled 'User Must Change Password at Next Logon'. In the top right corner, there is a 'Quick Search' panel with dropdown menus for 'User', 'Microsoft.com', 'Kim Majors', and 'Reset Password', along with a 'Go!' button. Various reference numerals point to specific UI elements: 2008 points to the Quick Search panel, 2010 points to the table, 2020 points to the search bar, 2022 points to the table header, 2018 points to the top navigation bar, 2024 points to the 'Go!' button in the search bar, and 2014 points to the password reset section.
